

Conservatories

Your conservatory is a special room to relax in, a place to escape, a venue to entertain, study or work. It is a room like no other. A conservatory is recognised as the most cost effective way of adding an extra room to your home.

All Shaws conservatories are individually designed for you, with many styles to choose from tailored to your home and personal requirements.

Each Shaws conservatory is built to last and incorporates all the features and benefits of Shaws windows and doors with a top-quality roof system to provide the ultimate in style and performance.

The Victorian provides an attractive space suitable for most uses.

It has distinguishing architectural features such as a bay front, steeply pitched roof and ornate ridge details.

The Georgian with its clean square lines maximises internal space.

A flat fronted and gracefully understated variant of the Victorian conservatory.

The Lean-to style is suited to locations with limited height.

Ideal for those that prefer the clean understated lines, a lean-to is the perfect choice.

The P-shape is ideal for creating maximum space whilst maintaining a sense of proportion with your house.

Combining a mix of lean-to and Victorian styles, a 'P-shape' conservatory is the ideal choice for a larger conservatory.

The T-shape conservatory allows for maximisation of space and gives an attractive symmetrical appearance.

Ideal for larger properties with a long wall on which to build the conservatory.

The Gable offers a steeper pitched roof to ensure your dream conservatory is a stunning space for you and your family to enjoy.

It also adds light and space and introduces a sense of architectural grandeur.

Our Guarantee to you

Here at Shaws, we are so confident in our products and installation that we offer you a 15 - year guarantee. So while the rest of the industry generally offers only 10 years, you'll have the peace of mind with Shaws of being covered for an extra 5 years.
