

Barron Glass Patterns

Traditional Designs

The following traditional glass patterns are available in stock sheet sizes up to 1120 x 2140 mm in 4 & 6mm thickness.

All patterns can be cut to size as required. Our 5mm and 7mm laminated stock sheet enables us to provide a safety product off the shelf.

All designs can be produced in an opaque form for privacy in bathrooms etc. This involves laminating a plain etch sheet to each of the patterned glass panes.

Fleur de lys, Fleur, Star, Trellis, Gothic and Empress

These designs have an etched surface with a clear design.

Double Fleur

This pattern is a double "etch" opaque glass that provides the best standard option for privacy.

Victorian

A design based on leaded glass of the late Victorian Period. The pattern is outlined in solid black enamel and shaded with Blue and Green enamels, Amber silver stain and Glass Etch. The design may be cut to size and used as is, or cut into its constituent squares and leaded together to produce leaded lights. The distance between the black lines separating each square is 102mm (4").

Gothic

This pattern is faithfully reproduced from Pugin's original design circa 1840. The pattern is available in combinations of Etch-Blue, Etch-Green, Etch-Amber or plain Etch.

Our Guarantee to you

Here at Shaws, we are so confident in our products and installation that we offer you a 15 - year guarantee. So while the rest of the industry generally offers only 10 years, you'll have the peace of mind with Shaws of being covered for an extra 5 years.
