

*The sill that sits on top*

## What is TOPSILL™?

Sometimes it's the simplest things in life that are the best. TOPSILL™ is a quick and easy way to transform your tired window boards with a beautiful stone tile effect cladding system.

No mess, no fuss, no making good. Just simply sit the sills on top.

Our unique proven composite is maintenance free, stain resistant and can be wiped clean.

sits on top*

What is TOPSILL™?

## Benefits of TOPSILL™

### ■ Unique Tile & Trim Cladding System

The clever TOPSILL™ tile and trim system clads neatly over your existing window boards, saving the mess caused if you removed them – perfect for a refurbishment project.

### ■ Stylish & Timeless Beauty of Limestone

Three authentic stone finishes of TOPSILL™ will add the perfect touch of refinement and luxury to any room scheme or conservatory refurbishment. It even captures the subtle colour variations of real stone.

### ■ Easy Installation, Total Transformation

Whether finishing off new windows or simply updating a room, TOPSILL™ will totally transform your old window board with minimal disturbance and quick install times.

Turn over and unfold this leaflet to see how easily your window boards can be transformed!

### ■ No Unsightly Plastic Caps or Quadrants

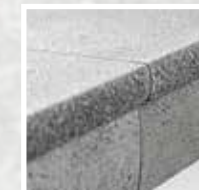

No one likes to see plastic end caps and mismatched plastic quadrants so simply get rid of them. TOPSILL™ has factory finished ends and uses an easily applied grout to replicate real stone.

### ■ Durable & Maintenance Free

Unique, hard wearing TOPSILL™ composite is resistant to scratching, common household stains (including tea, coffee and red wine) and needs no painting – just an occasional wipe clean.

### ■ 10 Year Guarantee

Backed by the UK manufacturers for your total peace of mind, TOPSILL™ is guaranteed against manufacturing defects and will be enjoyed for years to follow.

### Care & Cleaning Guidelines

At Decora Mouldings we have exhaustively tested TOPSILL™ to ensure suitability within the demands of your home, and like every product it will stay looking best for longer when handled with care. Spills should always be wiped up as soon as they occur with warm soapy water. The technically advanced finish allows use of household cleaner or even an application of diluted household bleach in the unlikely event of any remaining marks.

To protect your TOPSILL™ do not use solvent or abrasive cleaners and cloths as these can damage the factory finish. Always clean in a gentle circular motion to prevent damage.

### Shade Variation

In line with our desire for total authenticity, your TOPSILL™ can have the shade variation of real limestone from piece to piece. This is regulated according to the ANSI National Standard Specifications to a variation level of V2 (Slight Variation).

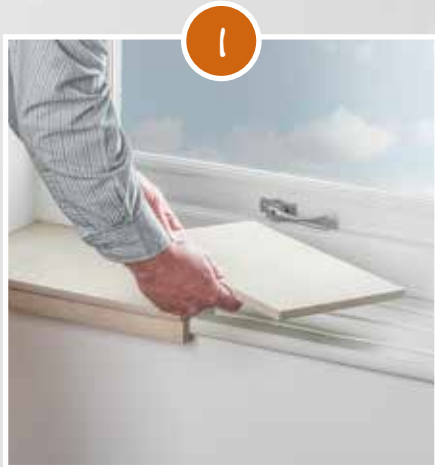

© Design Copyright: Dimensions are approximate. Due to the handmade nature of this product variations will occur, and as with real stone TOPSILL™ may naturally mellow in periods of intense sunlight. We reserve the right to alter sizes and designs in line with our policy of continual product development. It is the users responsibility to determine suitability of application and adhesive. TOPSILL™ is a trade mark of Decora Mouldings. Decora is a registered trade mark, number 2418524. All products are protected by design copyright and any infringement will result in the appropriate legal action to be taken. \*TOPSILL™ 10 Year Guarantee is subject to terms and conditions which are available on request.
