

The Choices brand

Windows, Doors, Conservatories & Orangeries

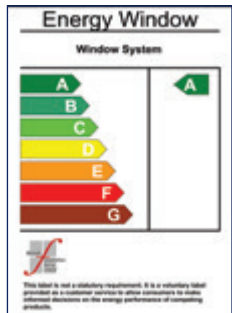

'ADVANCED PLUS' CASEMENT WINDOWS

Multiple style and design options all from the same high performance system

Design Features:

- Internally or externally glazed
- Single and dual RAL colour options
- Chamfered or flat details to achieve the required appearance
- Polyamide thermal break design for thermal performance
- Window Energy Rating 'A' available
- Choice of four 45mm slimline sashes available (see options below)

Saving Energy

The Beaufort Range was the first aluminium system in the UK to achieve an 'A' Rated window for the Energy Saving Scheme with a double glazed unit.

The 'A' Rated specification includes a 58mm or 70mm frame with any four of the 45mm slimline sashes, glazed with Planitherm - Warm Edge - Argon - Diamant glass.

Secured by Design

Police Preferred Specification
