

WINDOW CILLS AND SKIRTING

DecSTONE™

What is DecSTONE™?

DecSTONE™ is the ultimate stone tiled effect window cill and skirting for your orangery or conservatory.

Hand crafted in Gloucestershire, DecSTONE™ perfectly recreates the patinas of real stone and combines this with a unique and proven composite to make the most attractive finishing touch to any new project.

Available in a number of finishes to suit your taste, DecSTONE™ is durable, beautiful and maintenance free. Our 10 Year Guarantee safeguards against any manufacturing defects.

*Buy your last
cills first!*

Benefits & Beauties of DecSTONE™

■ Luxurious, beautiful and refined

The totally authentic DecSTONE™ finish is beautiful. Each limestone effect will compliment your own project, as the most impressive of finishes - and the most visual too!

■ Total Authenticity

Our hand crafted finish will not disappoint. Every tile contains the subtle colour variations of a real stone; it is important to allow for this when ordering.

■ No Unsightly Plastic Caps

Clever factory finished ends eliminate the ugly plastic caps of inferior products. And neat grout joints replace plastic trim on mitred corners to complete the real stone look.

■ No Painting and No Maintenance

Never paint your window cills again. The stone finish is maintenance free, apart from the occasional wipe clean. Resistant to tea, coffee and red wine. (See inside back of leaflet for care guidelines)

■ 10 Year Guarantee

Backed by the UK manufacturers for your total peace of mind, DecSTONE™ is guaranteed against manufacturing defects and will endure in your conservatory or orangery.

Living with your DecSTONE™...

Care & Cleaning Guidelines

At Decora Mouldings we have exhaustively tested DecSTONE™ to ensure suitability within the demands of your conservatory or orangery, and like every product it will stay looking best for longer when handled with care. Spills should always be wiped up as soon as they occur with warm soapy water. The technically advanced surface finish allows application of diluted household bleach in the unlikely event of any remaining marks.

To protect your DecSTONE™, do not use solvent or abrasive cleaners and cloths as these can damage the factory finish. Always clean in a gentle circular motion to prevent damage.

Authentic Characteristics

In line with our desire for total authenticity, your DecSTONE™ can have the shade variation of real limestone from piece to piece. This is regulated according to the ANSI National Standard Specifications to a variation level of V2 (Slight Variation).

What does DecSTONE™ cost?

The background image shows a conservatory with a white frame and a yellowish-brown horizontal band. Several long, thin palm fronds are visible, some in the foreground and some in the background. A quote box is overlaid on the image, containing two quotes.

“

They made a good conservatory look so much better

”

“

You wouldn't think at all it's not limestone. It looks a million dollars, and doesn't need painting or maintenance

”

“

We couldn't have
chosen anything else
for our orangery

”

“

I am so pleased we
chose DecSTONE and
insisted on nothing
less. The fit and
finish are first class.

”

© Design Copyright: Dimensions are approximate. Due to the handmade nature of this product variations will occur, and as with real stone DecSTONE™ may naturally mellow in periods of intense sunlight. We reserve the right to alter sizes and designs in line with our policy of continual product development. It is the users responsibility to determine suitability of application and adhesive. DecSTONE™ is a trade mark of Decora Mouldings. Decora is a registered trade mark, number 2418524.
